## Make Happy Nears Readiness To Open Gates To Throng

### Some Changes Made in Program as to Baseball; Great Racing Card filled by strong, Fast Contenders.

Nothing to do but wait for three days in pleasurable anticipation and with the satisfied knowledge that the biggest and gayest carnival ever staged on Maui will be their's for four days. That is the position of the "general public," the great majority of the community whose province it is to be entertained and amused. Nothing to do but complete the arrangements of the perfected plans for Make Happy, is the position of the Foresters of Court Valley Island and the members of the Circle and their friends. Sounds easy, what? But it carries a world of meaning and means that there's just oodles of work to be done.

But all is in a fine stage of preparedness for Make Happy and it is a certainty that the Foresters are going to stage "one whale of a show." Plans were gone over for almost the last time at a meeting of the executive committee and some further changes were made in the program, more especially in the arrangements for baseball and the changes will be generally satisfying to the fans.

### Every Race Filled

Entries have closed for the races and the committee has good reason for satisfaction for every race on the three days' card has been filled. The program is a good one and the entries are a strong and fast lot. That means, the committee says, one of the best Fourth of July racing events the Valley Isle has ever had in its 40 years of Fourth of July racing events. Asked as to the entries the answer was: "Wait, they'll all be listed in the big Make Happy program." So there's just one more thing to whet up the pleased curiosity of the race lovers.

### Local Baseball Teams

After the 23 innings of practically class A baseball that was served to the fans at the Fair Grounds on Sunday the committee decided that Maui can furnish, the way the teams are going now, just as good a brand of the national game as could be brought over from the other Islands and that more interest will attach to games between the local teams, and there will be a hotter rivalry than could otherwise be secured. So there will be an elimination tournament between the teams of the All-Maui Senior League. One of the games will be between the Chinese and Hainan who made a dead heat of it Sunday and it is planned, if the agreement is reached, to make the game between those two a play off. The Foresters' committee is offering a purse of \$200 for the ball games. In connection with that change in the baseball plans the hour for the start of all games except the double header and the morning game on Tuesday, was changed from 4 o'clock to 3:30.

Another announcement that followed yesterday's meeting was that Frank F. Baldwin would welcome the visitors from in front of the grand stand on Saturday evening.

### Other Amusement Features

As previously announced the strongest wrestlers among the Japanese of the other Islands are coming over to contend for championships and the mat sport that is to be offered is to be of a class not often met with outside of the Mikado's realm.

Eddie Fernandez and his assistants are working like beavers on the installation of the shows, the rides and the other concessions, and a real amusement street or Joy Zone is building up.

For the evening entertainments, besides the Fernandez attractions, there will be three great attractions staged by the Foresters in front of the grand stand, "A Night in Hawaii" on Saturday, vaudeville on Monday and "A Night on Maui" Tuesday.

A summary of the amended program will be found in the advertising columns.

### Looking After Guests

Meantime arrangements for the reception and housing of the visitors have gone forward. No small task to take care of about a thousand guests! Volunteer committees will meet the steamers from Honolulu at Lahaina and at Kahului as often as they arrive. With true Maui hospitality the homes of the Foresters have been thrown open and in addition sleeping accommodations have been secured at the hotels, the main dormitory to be in the Maui.

Even when being sufficed with fun and amusement nature steps in and demands sustenance for the body. Mention has not been made that Mrs. Foster Robinson is in charge of the Foresters' refreshment stand under the grand stand. And, too, there are to be two real Hawaiian luaus on Tuesday, arrangements for which are being made by a committee headed by Mrs. Stephen Lake. There are other concessions that will cater to the hungry and the thirsty so the comfort of the visitors to Make Happy will be well cared for.

### Bishop Expected—Bishop LaMothe

is expected over from Honolulu the second Sunday in July and will probably preach in the Church of the Good Shepherd, July 9.

## Places For Dinner May Be Secured Up To Tomorrow Noon

Isolated ones who have not sent in their reservations for places at the dinner to be tendered on Thursday night at the Grand Hotel at 7:30, by the Chamber of Commerce and the Maui County Fair and Racing Association to Judge D. H. Case may do so up to tomorrow, Wednesday noon. There have been a number of members of the organization away during the Shriners' festivities in Honolulu, some who left before the cards were out and others immediately afterward, and it was especially for them, though others have the same opportunity, that Mrs. Bridgford agreed to keep the list open until tomorrow noon. Cards should be sent in at once or if misplaced, the telephone utilized.

The committee has asked that the announcement be made again that informal dress will be the "proper thing" for the dinner and that right, title and interest in and to a dress suit or dinner suit is no prerequisite to attendance.

Informality will be the rule at the dinner. As previously said there will be only two sets of "talks." For the Chamber of Commerce W. F. Crockett will speak and for the Fair and Racing Association, Senator Harold W. Rice director of the next Maui County Fair. There will be a Hawaiian orchestra, sweet singers and a number of three to five minute talks during the evening and, naturally, the guest of honor will have to tell how it happened.

## Labor Representative Is Now Seeing Maui

On his tour of inspection of labor conditions in the Islands Paul Scharenberg, the personal representative of Samuel Gompers, head of the American Federation of Labor, arrived on Maui from Hawaii last night on the Mauna Loa. He is accompanied on this trip through the Islands by Col. D. S. Bowman of the H. S. P. A. than whom no one individual is better posted on labor conditions and accompanying problems in the Islands.

The visitors were met at Lahaina last evening by Ned Nicholas and driven to Wailuku where they are registered at the Grand Hotel. Today they are looking over the various plantations and camps of Central and East Maui and the investigations will continue on this island until Wednesday night.

Mr. Scharenberg decides what he wants to see wherever he goes and every opportunity is being afforded him by the plantations to gather whatever information he desires.

## Union Workers Dig Graves for Unknown Dead of Massacre

(ASSOCIATED PRESS)

HERRIN, Ill., June 26.—The unknown dead of last week's massacre were buried today, 16 bodies laid in Potterfield. Union laborers dug the graves and stood, resting on their spades, with bare heads bowed and hats in hands while four ministers prayed, preached and sang.

The coroner's jury has returned a verdict in which it said: "We find the deaths were due to acts, direct or indirect, of officials of the Southern Illinois Coal Company and recommending an investigation for the fixing of the blame on each individual who is responsible."

C. E. McDonnell, the company superintendent killed Cordie Henderson a union man, the jury finds in its only verdict of murder returned.

There has not been an arrest since the massacre and the county officials are not making any visible effort to place the blame, but state and federal officials are investigating.

The investigators find that 21 lives were taken and have learned that neither Sheriff Thaxton or his deputies took any steps to prevent the massacre.

(ASSOCIATED PRESS)

WASHINGTON, June 27.—The administrative effort to end the coal strike struck a snag, at least temporarily, today, when President Lewis of the United Mine Workers in a conference with President Harding and Secretary Davis at the Whitehouse dinner table said emphatically that the United Mine Workers has not changed its policy and will insist on a new wage scale to be fixed by a national or semi-national conference.

(ASSOCIATED PRESS)

BRIDGEPORT, Ohio, June 27.—One miner was killed and one wounded when fired enroute to work at a coal mine in Uniontown, near here.

## Makawao School Has Closing Exercises

Makawao School held graduation exercises at 9:45 Friday morning at the school at the close of one of its most successful years.

For the exercises the room had been prettily decorated by the class on Thursday. About 75 visitors attended the exercises.

The program was opened by Miss Irene L. Miller playing the march, "Cairo" to which the children entered. The class history was read by Helen Phillip and Korael Towata spoke on "Former School Days" when those who are now "grown ups" were learning their a-b-c's. A Webster's New International Dictionary was given the school by graduates. Diplomas were presented by Supervising Principal Murphy.

Those graduated were Elizabeth Choek, Evelyn Tavares, Georgina Sardia, Helen Phillips, Dorothy Cep Choy, Antone Medeiros, George Sakamoto, Henry de Rogo, Hajime Kusumoto, Iseo Toyama, John Fernandez, Korael Towata, Louis de Costa, Louis Marciel and Masaki Inowo.

The program follows:

- Dance—Miss Miller's Class.
- Chorus—Silent Now the Drowsy Bird.
- Playlet—Miss Yap's.
- Chorus—America the Beautiful.
- March of Graduates.
- Class Presentations.
- Class History—Helen Phillips.
- Presentation of Dictionary—Class '22.
- Diplomas.
- Flowers.
- Aloha Oe—Everybody.

## MAUNA LOA ACTIVITY

(ASSOCIATED PRESS)

HILO, June 27.—A party of soldiers returning to town reports seeing liquid lava at the crater of Mokuaweoweo. A party of boys have gone to investigate and will light a fire to signal to Jagger from Red Hill if the report be confirmed.

## REBEL HOLDS AMERICANS

(ASSOCIATED PRESS)

WASHINGTON, June 27.—Advices received from the American consul at Tampico say rebel General Gorozabe is holding 10 American employees of the Cortez Oil Company. Property valued at a quarter million is being held for 15,000 pesos ransom. The department of state instructed the American embassy at Mexico City and the consul at Tampico to urge Mexican authorities to take prompt action.

## PILIKIA FOR "COFFEE DAN"

(ASSOCIATED PRESS)

SAN FRANCISCO, June 27.—The police commission acting on complaints that the proprietors of Coffee Dan's, a famed eating house in San Francisco, were discriminating against service men, held a hearing to determine why their license should not be revoked. Sailors testified they were refused admission. Rear Admiral Halstead, commanding the 12th naval district, preferred the complaint. No decision has been rendered.

## Uncertain Where Men Will Be Tried

### Japanese Arrested in Waikapu Liquor Raids May Have To Appear in Federal Court; Matters Quiet Down.

Correspondence is being exchanged between County Attorney Ilevins and United States Attorney Huber in reference to the court in which the Japanese arrested in the raids at Waikapu shall be tried.

The County Attorney believes that the trials should be in the Federal Court because the raids were led by a federal officer. He so said in his first letter to Mr. Huber on the subject. The United States Attorney replied that he favored the bringing of the criminal proceedings in the local courts and expressed the belief that so doing would inspire a greater respect for the law. His letter was received on Saturday.

The county attorney recognizes the harshness of taking witnesses to Honolulu but cannot see any other advantage for trying the men accused here.

Other advices from Mr. Huber said that he had telegraphed to the authorities in Washington for authority to defend Enforcement Officer Crabbe in the civil action which was instituted by T. Nakagawa by Attorney Eugene Murphy. It is expected the county will defend the deputy sheriffs who were made defendants in the suit.

Meantime activities in the way of raids appear to have subsided. With a suit pending against three of its officers it is not to be expected that the sheriff would order his men to engage in similar raids and the deputies themselves may hardly be expected to volunteer for such duty.

On Saturday application was made in Lahaina for two search warrants. Magistrate Freeland was in doubt as to whether he could issue a search warrant to a federal official but was advised by the County Attorney that he could. The warrants issued but it is reported the raids were fruitless of result so far as securing of evidence is concerned.

## Spirit on Mainland Is One Of Confidence

Business had a small share in the time of P. H. Ross of the Insurance Department of the Bank of Maui during his visit to the mainland, he said yesterday. He returned home Saturday morning after a very brief stay in Honolulu, where he arrived Thursday. He and C. D. Lurkin, manager of the Bank of Maui were together on the trip.

"It was a vacation not a business trip we took and after the Bankers Convention at Del Monte which we attended we were out for enjoyment and we had it, especially on our trip into the Yosemite. At the convention there was displayed a general sentiment that business is on the up-grade and generally, so far as we saw, such was the case.

"Our stay in San Francisco was chiefly while the Shrine conclave was on and there was a lot of extra money in circulation and heavy expenditures for decorations and entertainment so it was hard to tell of actual conditions there. However, it was evident there is still much unemployment in the Bay City, from the numbers of requests for money for a meal.

"One matter of business I did attend to was to secure the direct agency for an auto insurance company where we are both agent and adjuster so that we can adjust claims; losses and write the checks in payment thereof right here on Maui."

Mr. Ross looks much improved from his trip and the koiak snaps he showed of Mr. Lurkin appear to show the latter is in the pink of health.

## Britton Upholds Title Against Leonard, Wins By Foul In Thirteenth

(ASSOCIATED PRESS)

NEW YORK, June 27.—Jack Britton, welterweight champion, successfully defended his title last night against Benny Leonard, the lightweight title holder, winning on a foul in the 13th of a scheduled 15-round bout.

Fatal Thirteenth

Britton opened the last round taking the offensive. Leonard retreating from Britton's savage attack tripped and fell. Britton waited for Leonard to recover and the fighters clinched. Britton dropped to his knees in his corner, signaling to his seconds to claim a foul. Leonard struck Britton lightly on the body and shouted to the referee to begin counting. The referee declared Britton winner on technical foul but refused to say if there had been any previous fouls. Britton was unhurt. Leonard weighed in at 139½ and Britton 146½.

Britton retains the welterweight title which, had he lost the fight, would have gone to Leonard. Leonard being over the lightweight limit prevented his title of lightweight champion being risked.

## Desha Let Out

(ASSOCIATED PRESS)

HILO, June 27.—George Desha, Hilo jailer, now on leave in New Zealand, is one of the eight officials "let out" by the county government in its curtailment of expenses. The position is abolished. Ben Brown who has been acting, retains his position. Desha is in New Zealand on leave. All discharges are effective June 30.

## Schooner Not Lost

(ASSOCIATED PRESS)

NOME, June 27.—Advices to the Coast Guard say the schooner Teddybear, which has been missing for eight months and was believed lost in frozen in near East Cape, Siberia, and all is well.

## Dempsy Versus Wills

(ASSOCIATED PRESS)

NEW YORK, June 27.—Tex Rickard announced that Wills and Dempsy will probably sign articles today to meet sometime in 1923. He said it was impossible to arrange a bout earlier.

## Sun's Northern Army Loyal and Marching On Canton Is Report

(ASSOCIATED PRESS)

SHANGHAI, June 27.—Sun Yat Sen's northern army, estimated to number 50,000, is still loyal to aim and is marching toward Canton in three sections according to Canton advices. The Sun Yat Sen forces out number those of Chen and observers predict that hard fighting may be expected with the odds in favor of Sun Yat Sen. His troops are not expected to reach Canton within a fortnight however.

## Lane For High Sheriff Is Honolulu Forecast

(ASSOCIATED PRESS)

HONOLULU, June 27.—Former Mayor John C. Lane will in all probability be appointed high sheriff of the territory in succession to William P. Jarrett, incumbent, who will leave office August 1, the Star-Bulletin reports.

Although Jarrett's term expired on Saturday he has been requested by Governor Farrington to stay on until August 1 and complete his annual report.

While no definite announcement has been made by the administration that the position will go to Lane this is the understanding of Republican leaders in Honolulu. Lane was endorsed for the office last fall by the Republican territorial central committee then under the chairmanship of Lorrin Andrews.

"I suppose the indorsement will stand," commented Lawrence M. Judd present chairman of the committee, when asked if the committee intends to take any action regarding the indorsement of Lane.

## Economy Is No Longer Keynote of Functions Buckingham Palace

(Associated Press Mail)—Economy is no longer to be the keynote of court functions at Buckingham Palace. No more "economy courts," as they were called, are to be held. These were established by their majesties after the war to set fashionable society a much needed example in curbing extravagance. The seal of royal approval has now again been bestowed on court trains. Indeed no women can be presented at court who does not wear them. Of course as a man the Lord Chamberlain cannot presume to be an expert on fashionable feminine dress, but it is one of his many official duties to lay down the rules and regulations to which women must conform at the most exalted of court functions.

That is one of the things for which he is paid \$15,000 a year. He has to be a peer besides to qualify for the exalted office which is accounted among the political plums that the Prime Minister has to give away. The present Lord Chamberlain is in the top class of the peerage. He is the Duke of Athol.

By restoring the court train he has earned the blessings of the fashionable dressmakers. But they would have lengthened their blessings if he had lengthened the trains. Before the war three yards was their regulation length, while Queen Victoria didn't consider four yards too long. By the new regulations they need be only two yards in length and should not extend more than 19 inches from the heel of the wearer when standing.

To walk backwards before royalty in a train three yards long without getting tangled up in it, imposes a severe tax on the agility and skill of not a few socially ambitious women. Queen Mary is a very kind woman and she would naturally wish to spare her sex making exhibitions of themselves. Hence she was in favor of the shorter length for trains.

## Wales Black Eye Is Incentive to Polo In the Philippines

(Associated Press Mail)—Since the Prince of Wales received a black eye during a polo game here last week, Filipino urechins living in the vicinity of Forbes Field have taken up the sport. Polo as played by these youngsters, however, differs considerably from the matches staged by the regular teams.

The players are "mounted" on bamboo sticks some five feet in length which they guide with reins made from nipa. Their mallets are curved pieces of split bamboo upon the ends of which are fastened empty condensed milk cans as mallet heads. Between goals which are represented by a pair of old scarlet pantaloons hoisted on a stick at one end of the field which is the street leading to the polo club and by a torn emerald green camisa (shirt) at the other, the charging players knock a real polo ball obtained from the club.

One ten year old player, captain of his team, in imitation of the Prince of Wales, after his accident, wears a black patch over his right eye. He also has at hand his personal "physician" bearing a wicker basket full of medicine bottles.

## Huge Consolidation

(ASSOCIATED PRESS)

NEW HAVEN, Conn., June 27.—It was announced the Winchester Arms Company and the Simons Hardware Company, the latter one of the largest hardware concerns in the world, had consolidated.

## Wailuku Leads All

Wailuku Sugar Company will finish the cutting of its 1922 crops today and is the first plantation in the Islands, so far as reports have reached Maui, to do so.

Manager Penhallow said this morning that it will take but a short time to finish the clean up and the season grind will have ended this week.

## Shriner Host Is Departing From Honolulu Today

### Alexander Is On Way To Bay City and Nile and Matornia Will Sail For Hilo at Six this Afternoon.

(ASSOCIATED PRESS)

HONOLULU, June 27.—By all possible methods, with hands and with the voice unassisted and through megaphones, Honolulu is saying good bye to the Shriners today. Never before has there been such a day here.

The Alexander sailed at 11 o'clock direct for San Francisco, having stopped at Hawaii on her way to the great gathering here. She carries the Imperial Divan who were escorted to wharf and ship by an immense parade. The Matornia and the Nile will leave for Hilo at six o'clock this evening.

Yesterday there was a great reception by Governor Farrington at Washington Place in the afternoon, followed by a fancy dress dance and an operetta presented by the Japanese community and last night there was the grand farewell ball at the Elks' club house out beyond Waikiki. During the day the round of luaus, surfing parties and band concerts continued.

HILO, June 27.—Preparations are complete for the reception and entertainment of the Shriners who are to arrive here tomorrow morning on the Matornia. There will be a reception in the harbor and at the wharf, whence they will be driven to the armory where there will be an exhibition drill, chanting and other features. From the federal building the party will proceed to Kilauea where there will be luncheon at the Volcano House, followed by a visit to the crater. Then comes the return to Hilo and supper and dance at the Yacht Club.

## HAWAII HOMES BURN

(ASSOCIATED PRESS)

HILO, June 27.—The Richard home in Honokaa mauka was burned Sunday. It is believed to have been fired by Filipinos trying to smoke out bees. The building was an old landmark where nearly all the Richard family were born.

At Paauhau the same morning the Crabbe home was burned with its contents including a valuable piano. Crabbe says he arose, lighted an oil stove and returned to bed. He awoke soon after after to find himself surrounded by flames, but managed to escape.

## JOY KILLS WIFE

(ASSOCIATED PRESS)

KANAKAEE, Ill., June 26.—Mrs. Small, wife of Governor Lem Small, who was stricken with apoplexy while receiving congratulations on the acquittal of her husband by the jury on Saturday, died this morning.
